

Academic Program for Master Degree Candidates in Global Health

Program overview

This program will ensure that students become experts in the field of Global Health. The first year is almost entirely devoted to expanding one's knowledge of the field. The second-year focuses on deepening the understanding of the field and the topic for the dissertation is chosen and the associated research plan is written. Students will finish their dissertations and after defending, they will be awarded the Master of Global Health.

Aim of the program

The program aims to educate the next generation of Global Health talent to be able to compete with their peers in the global job market. Through extensive training and research practise, the student will graduate and hold the Master's degree enabling him or her to work in health service providers, health care administrations, research institutes, etc.

When and how to apply

Applicants can apply starting from January 1st, 2023 till May 31st, 2023. For more information on the documents needed and the application procedure please visit: <http://www.istudy.sdu.edu.cn>.
