

Academic Program for Master Degree Candidates in International Trade

Program overview

This program will ensure that students become experts in the field of International Trade. The first year is almost entirely devoted to expanding one's knowledge of the field. The second-year focuses on deepening the understanding of the field and the topic for the dissertation is chosen and the associated research plan is written. In the third year, students will finish their dissertations and after defending, they will be awarded the title of Master's Degree of Economics.

Aim of the program

The program aims to educate the next generation of International Trade talent to be able to compete with their peers in the global job market. Through extensive training and research practise, the student will graduate and hold the Master's degree enabling him or her to work as an economic researcher, executive or a marketing manager.

When and how to apply
