

Academic Program for Master Degree Candidates in Nursing

Program overview

This program will ensure that students become experts in the field of Nursing. The first year is almost entirely devoted to expanding one's knowledge of the field. The second-year focuses on deepening the understanding of the field and the topic for the dissertation is chosen and the associated research plan is written. In the third year the student will finish his dissertation and after defending it will be awarded the title of Master of Science.

Aim of the program

To educate the next generation of nursing talent that is able to compete with their peers in the global job market. Through extensive training and research practise the student will graduate and hold the Master of Science, enabling him or her to work in the field as a nurse, teacher or head of the Nursing Department.

When and how to apply

Applicants can apply starting from December 18th, 2020 till May 31st, 2021. For more information on the documents needed and the application procedure please visit: <http://www.istudy.sdu.edu.cn>.
